

happy customers higher profits

Our Star-Lite and Star-Plus Point-of-Sale Systems and our Star-Link Enterprise Solution are receiving rave reviews from happy users like Dirk White.

Why not treat yourself to a new POS system in your pharmacy?

All of our products run on a Windows platform, making them functional and as easy to use as your home computer! And best of all, our systems are fully integrated and scalable to meet your needs – so your system can grow as you grow.

Here are some of the features RMS offers:

- Controlled Substance Tracking
- Electronic Signature Capture for HIPPA, 3rd Party, Safety Caps, Credit Card, & A/R
- Prescription Barcode Scanning & Interface
- Pharmacy Will-Call Management
- Customer Delivery
- Integrated Internet Credit/Debit and Check Verification
- Integrated A/R
- Interface with Drug Wholesalers
- Cash Management
- Inventory Control
- Purchasing & Receiving
- Signs & Labels
- Customer Loyalty
- Gift Cards
- and much more!

“The RMS POS System has made a tremendous difference in the way we do business.

We’re able to solve both internal and external issues very quickly due to electronic signature capture. The inventory control feature is a fantastic tool. We never run out of product, and

we can see clearly how a certain area of the store is doing and respond accordingly.

Our previous POS system had no customized features for pharmacies. Plus, it was from a big corporation; we felt like a tiny blip on their screen. The RMS crew is friendly and timely in working with us to solve any issues that arise. And they are very responsive when we have feedback for them about the software.

RMS has helped us to streamline things and to be more efficient. For us, greater efficiency means greater profits.”

– Dirk White, NCPA Independent Community Pharmacist of the Year, 2007, White's Pharmacy, Sitka, Alaska
