

# happy customers, higher profits!

"When it was time to upgrade our previous POS system, we looked at many options. We chose RMS because it was the best fit for us. We operate with a large front end that includes gifts, home decor, soda fountain and a gift basket service. I don't know how we (or any drug store) would manage without a good POS system.

The efficiency and accuracy that we have gained enables our staff to resolve matters quickly and instills customer confidence. We are currently installing an

RMS system in our second store at a new location.

The economic advantage comes from the comfort of knowing our inventory and giving us tighter control. Knowing what's in stock and what isn't, what is selling and what isn't, is extremely helpful to us on a daily basis.

Working with the people at RMS has been very positive. As we grow or meet special challenges, they are there for us— finding solutions. Whether it's new equipment or a unique need, RMS is with us all the way."

*Evan Vickers*

*Bulloch Drug, Cedar City, Utah*

**Our Star-Lite and Star-Plus Point-of-Sale Systems and our Star-Link Enterprise Solution are receiving rave reviews from happy users like Evan Vickers.**

**Why not treat yourself to a new POS system in your pharmacy?**

All of our products run on a Windows platform, making them as functional and easy to use as your home computer! And best of all, our systems are fully integrated and scalable to meet your needs – so your system can grow as you grow.

And with the 2008 U.S. Economic Stimulus Act you will be able to write off up to \$250,000 of new equipment expenses in 2008.\*

**Here are some of the features RMS offers:**
